

Lean Six Sigma Applications Expert Certification

Courses Now Enrolling in Your Area

The Lean Six Sigma Applications Expert course is an exciting new addition to the Lean Six Sigma (LSS) curriculum. This program is focused on learning how to maximize the potential of the Sterling Management System through the application of Lean Six Sigma tools and Sterling concepts. If taken in conjunction with Sterling 101 and 102 Criteria training, students will also be certified as LSS Application Expert Belts.

The following concepts and skills are learned and applied in this full day program:

- Understand the core concepts of the Lean Six Sigma and Sterling Management systems.
- Understand the importance of documenting processes and standardizing work.
- Learn how ongoing process improvement drives organizational capability and results as measured by Sterling examiners.
- Learn how to evaluate the effectiveness of education and training programs.
- Understand how processes can be integrated to maximize capacity and capability.
- Learn a systematic approach for innovation and how organizations can make innovation a core competency.

Notes: Prerequisites for this course include Lean Six Sigma Yellow Belt, DMAIC, and Project Management for Six Sigma. It is suggested that Sterling 101 and 102 Criteria training be completed prior to Applications Expert, but is not a requirement. However, students desiring Lean Six Sigma Silver Belt Certification must also complete Sterling 101 and 102 Criteria training within a 12-month period.

Only \$295 per person. Includes Lean Six Sigma Applications Expert manual and Sterling Criteria Resource Guide.

98.8% Participant Satisfaction

"The Applications Expert course was extremely beneficial in preparing our roadmap to the Sterling Award in 2016." Florida Not-for-Profit, Chief Executive Officer

"The Applications Expert course is an excellent opportunity to continue learning about organizational improvement." Florida State Agency, Program Director

"This course taught me important concepts to help my organization and prompted me to become a Sterling Examiner". Florida School District, Department Director
