The Governor’s Sterling Award is an annual award to recognize Florida organizations for performance excellence.

**THE AWARD PROMOTES:**
- Awareness of performance excellence as an increasingly important element in competitiveness; and
- Information sharing of successful performance strategies and the benefits derived from using these strategies.

**AWARD PARTICIPANTS**
The award eligibility categories include:
- Manufacturing companies;
- Service companies;
- Education institutions;
- Health care organizations;
- Nonprofit organizations, including government organizations.

There is no limit to the number of awards given in each category each year. To participate in the Award process, an organization must submit an application package that addresses the *Criteria for Organizational Performance Excellence*. Award applicants are expected to provide information and data on their key processes and results. The information and data must be adequate to demonstrate that the applicant’s approaches are effective and yield desired outcomes.

**APPLICATION REQUIREMENTS**
Applicants need to submit an application package that consists of two parts:
- A completed Application Form; and
- An Application consisting of an Organizational Profile and responses to the Criteria. Content and format requirements are detailed in the Application Forms booklet available at [www.floridasterling.com](http://www.floridasterling.com) under the Assessment tab.

**ELIGIBILITY DETERMINATION**
All applicants must submit an Application of Intent Form prior to submitting a completed Application.

**APPLICATION REVIEW**
The Board of Examiners reviews and evaluates all Applications. The Board is comprised of experts selected from the service, manufacturing, health care, education, and public sectors. Those serving on the Board meet the highest standards of performance. Board appointments are for: Master Examiners, Lead Examiners, Advanced Senior Examiners, Senior Examiners, and Examiners. All Board of Examiner members are required to complete the training course based upon Examination Items, Scoring Systems, Feedback Reports, and the Examination process. Qualified experts in the award process provide the training.
ORGANIZATIONAL VETTING
Organizations nominated to be designated recipients of the current year’s Governor’s Sterling Award will be subject to a background check conducted by appropriate regulatory agencies. The announcement of the award recipients will occur after all regulatory agencies have assured the Florida Sterling Council and the Executive Office of the Governor that the results of the background check are satisfactory.

SITE VISITS
Site Visits are used to verify the information provided by the Application and to clarify issues and questions that have arisen during the Application review process. A Site Visit plan that includes an agenda is developed with the selected organization. During the Site Visit, there will be a visit to the facility or facilities, and interviews with organization officials and the workforce. Applicants will be responsible for scheduling introductory and concluding presentations. The number of days allotted will be determined when Site Visits are set. Fees are set as defined in the Fee Section of the Criteria book.

FEEDBACK TO APPLICANTS
The Feedback Report, a tool for continuous improvement, is a written assessment by the members of the Board of Examiners. Each Award Applicant receives a Feedback Report at the conclusion of the review process. The Feedback Report contains an Application-specific listing of strengths and opportunities for improvement based on the 2018-2019 Sterling Criteria for Performance Excellence. Used by manufacturing and service companies; schools, school districts, and post-secondary educational institutions; health care organizations; and nonprofits and governments as part of their strategic planning processes, the Feedback Report helps organizations focus on their customers and improve productivity. Feedback reports will be mailed after the judges’ meeting at the end of April. Strict confidentiality is observed at all times and in every aspect of the application, review, and feedback process.

AWARD RECIPIENTS
Award recipients may publicize and advertise their Awards. Recipients are expected to share information about their successful performance strategies with other Florida organizations.

CONFLICT OF INTEREST
Conflict of interest rules apply to all who serve on the Board of Examiners. Compliance with the rules is carefully monitored throughout the review, Site Visit, and feedback process.
