The **Governor's Sterling and Georgia Oglethorpe Award** assessment process is designed for organizations with mature, refined management processes and positive results, want further **acceleration** of sound practices in all areas of the Sterling Management System framework, and may aspire to be recognized as a role model. The GSA is rigorous, consisting of an Organizational Profile and a formal 50-page application responding to the Sterling Criteria for Performance Excellence. A formal external assessment consists of off-site and on-site assessment of how well your processes are defined, aligned, deployed, evaluated, and improved.

Sterling Examiners review the application, conduct an extensive seven day site visit, and compile a detailed Feedback Report at the Item level, which identifies strengths, opportunities, and cross-cutting themes. The Panel of Judges determines each applicant organization's role model status and eligibility to receive the Governor's Sterling and Georgia Oglethorpe Award for Performance Excellence. Governor's Sterling and Georgia Oglethorpe Award recipients are recognized by the Governor of Florida and the Sterling Council at the Annual Sterling Conference and are expected to serve as role models by showcasing their journey and best practices to other aspiring organizations.
